

Scholarship Form

Dear Principal:

In an effort to support our business core values, "to give back to the communities we serve" and to recognize there are children of need in all communities, we would like to offer you the opportunity to select a child (of financial need) for scholarship in a Young Rembrandts session.

Young Rembrandts

Our goal is to scholarship **two students per session** at your school. This can only be done if enrollment in our classes stays above 10 students (for one scholarship) and 14 students (for the second scholarship).

If you know a student who would benefit from our program, but having their family pay the enrollment fee for a session does not fit into their budget, we would value having that child in our class.

1. The bottom portion needs to be completed and attached to the school's enrollment form. Just use the bottom portion of this scholarship form as the method of payment and put it in the envelope located in the school office.
2. The top portion is a notice for you to send to the child's family to inform them of class times and day, as well as no tuition will be charged to attend the Young Rembrandts classes.
